

The 30th International Steel Industry Conference in Paris

Journées Sidérurgiques Internationales 18-19 December 2012 • Paris - France

Since December 2007, JSI which gave the opportunity to get technical exchanges in France on an international scale, has not taken place.

The French Steel Federation (FFA), using its expertise and network, has decided to reactivate its well known exchange platform for the steel industry:

"Our aim is to be close to the expectations of the industry. There is a need clearly identified by international experts. JSI is back."

This conference was used to gather every year more than 600 people, and offered to steelmaking engineers from all over the world (36 countries represented in 2007) the opportunity to be informed about the most recent developments of processes and steel uses.

TOPICS:

- Cokemaking, sintering and ironmaking,
- New iron and steelmaking processes,
- Electric arc furnace and oxygen steelmaking,
- Secondary metallurgy and continuous casting,
- Flat and long products mills,
- Finishing and coating lines,
- Refractories,
- Special and stainless steels,
- Environment, energy,
- Health and safety,
- Metallurgy,
- Automation,
- Maintenance, engineering,
- Logistics /Transport,
- Steel use (Automotive, Construction, Mechanics, ...)
- ...

EXHIBITION and SPONSORING:

A technical exhibition is held during the conference for suppliers and steelmakers. Companies have the opportunity to reinforce their participation and enhance their corporate identification by taking advantage of the benefits offered to them as sponsors of the conference.

Contact us for further information.

LANGUAGE:

English is the official language.

DEADLINES:

30 April 2012: Paper submission
10 July 2012: Notification of acceptance
20 August 2012: Preliminary program

Journées Sidérurgiques Internationales

18-19 December 2012 • Paris - France

CALL FOR PAPERS

Deadline for submission:
30 April 2012

Deadlines

30 April 2012

Deadline for submitting papers with:

- Title, speaker and author(s)'s names
- Summary

The summary (150 to 300 words) should be concise and contain all sufficient information to allow the selection of papers.

A proposal submitted by a supplier must be done in common with a steel producer and with his agreement.

Purely commercial papers will not be accepted.

We emphasize that a presentation on new processes or technologies should include metallurgical or process results.

This form will be available on our web site: www.acier.org

10 July 2012

Notification of acceptance of the papers

10 September 2012

Submission of **two page summary** for publication in the Abstract Book of the "Journées Sidérurgiques Internationales 2012".

30 October 2012

Submission of the presentation (ppt file).

Your attention please:

FFA will confirm you the reception of your proposal, as soon as possible.

Without any answer from FFA within 10 days, please contact us either by fax:

+33 (0) 1 71 92 25 00, or by e-mail: contact.jsi@ffa.fr
